PROPERTY DEVELOPMENTS

Our quality assured team is ready to help with your development projects.

HOUSE EXTENSIONS

Whether it's raising the roof to convert the loft, extending the house or perhaps converting your garage.

COMMERCIAL

We can offer top performance when managing your commercial project to achieve the best outcome from the given resources.

Client Testimonials

Mr. Ed Blake

COMMERCIAL STUDIO OWNER

Alrimo Construction Ltd have refurbished my offices to an exceptional standard and are everything you never expect from a building company: punctual, reliable and very good value for money. Their work is very high quality and I wouldn't hesitate to recommend them. I am delighted with the outcome.

Mr. M.J. Kirkwood

RESIDENTIAL OWNER

We are pleased to say that the entire project was completed to an extremely high standard, within budget, compliant with all regulations and on time. The quality of the workmanship exceeded our expectations across all of the trades involved.

Mr. John Inglis

PRIVATE HOME OWNER

Alrimo refurbished my roof terrace, stripping the original building back to the structure before creating a new terrace and rooftop conservatory. They contributed to the design of the balustrades, delivering the original design intent whilst offering helpful advice on practical build-ability and cost issues. I found their management and site teams to be helpful and professional.
