QUALITY MATTERS

Project: Grosvenor Square

Location: Mayfair, London

Year: 2025

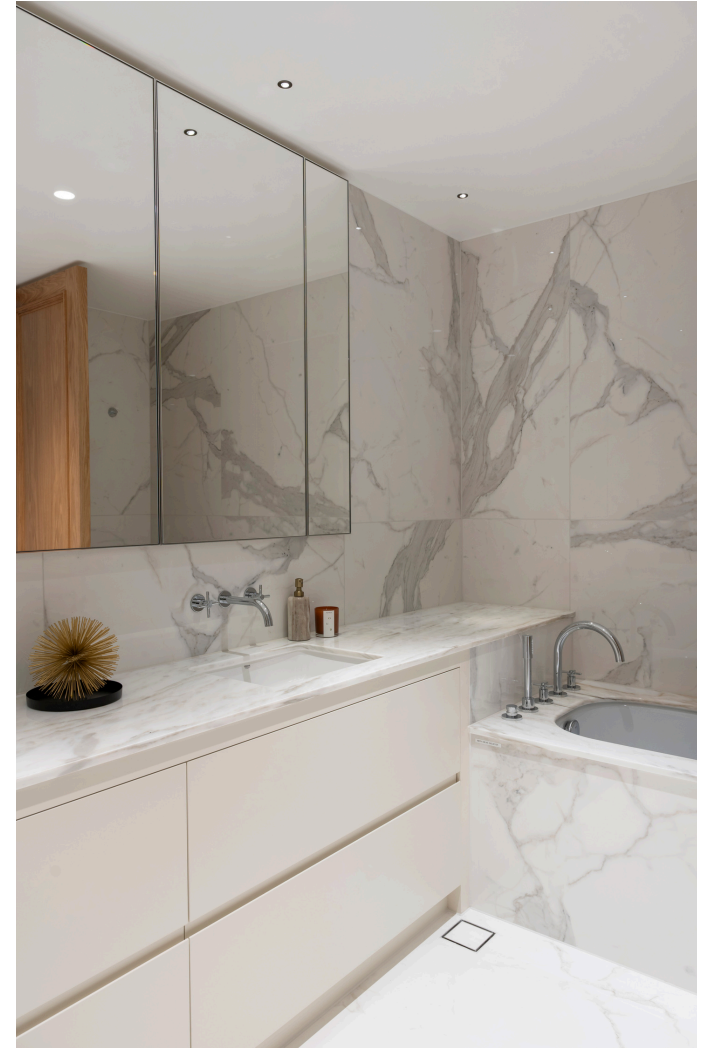

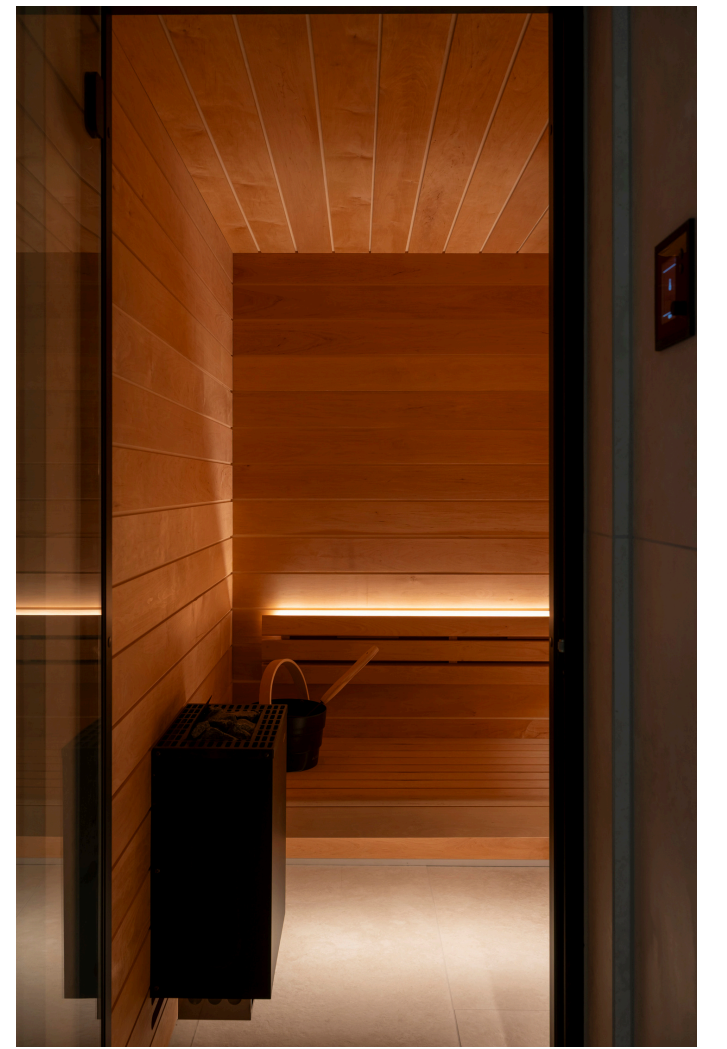

Designer / Architect: Urban Infill

Project Description:

Situated in the heart of Mayfair, this project involved the complete refurbishment of a distinguished period residence. The scheme combined sensitive restoration with modern design, featuring bespoke joinery, premium finishes, and integrated smart-home technology. The result is a refined and timeless interior that enhances the property's historic character while delivering exceptional contemporary comfort.

Project: The Tower

Location: St. George Wharf

Year: 2024

Designer / Architect: Architected Ltd

Project Description:

High-rise luxury apartment, combines modern elegance with panoramic views of London's skyline. The open-plan design features a custom kitchen, a dramatic black marble dining table, and bespoke furnishings throughout. Floor-to-ceiling windows flood the space with natural light, while premium materials—wood veneers, marble, and designer accents—create a warm, sophisticated atmosphere. Highlights include a sculptural gold chandelier and a cozy walnut reading nook, all tailored for refined urban living.

Project: St. James's Gardens

Location: Chelsea

Year: 2023

Designer / Architect: Urban Infill

Project Description:

The St. James Project involved a comprehensive full refurbishment of a historic property located in the heart of St. James. The scope of work included complete interior and exterior renovations, modernization of mechanical and electrical systems, installation of high-quality finishes, and restoration of original architectural features to preserve the building's character. The project aimed to blend traditional craftsmanship with contemporary design, ensuring both aesthetic appeal and functionality. Every aspect of the refurbishment was executed to the highest standards, delivering a premium-quality result that enhances both the property's value and its long-term performance.

Project: Eaton Place

Location: Belgravia, London

Year: 2023

Designer / Architect: Banda Property

Project Description: The high-end refurbishment project for the apartment in Belgravia, London, encompasses a comprehensive renovation aimed at elevating the property to the pinnacle of luxury living standards.

This project involved meticulous attention to detail and a focus on sophisticated design elements to enhance both aesthetics and functionality. The refurbishment aimed to create a luxurious retreat that epitomizes sophistication, comfort, and timeless elegance, setting a new standard for upscale urban living in one of the most prestigious neighborhoods in the world.

Project: Woodstock Studios

Location: Shepherd's Bush, London

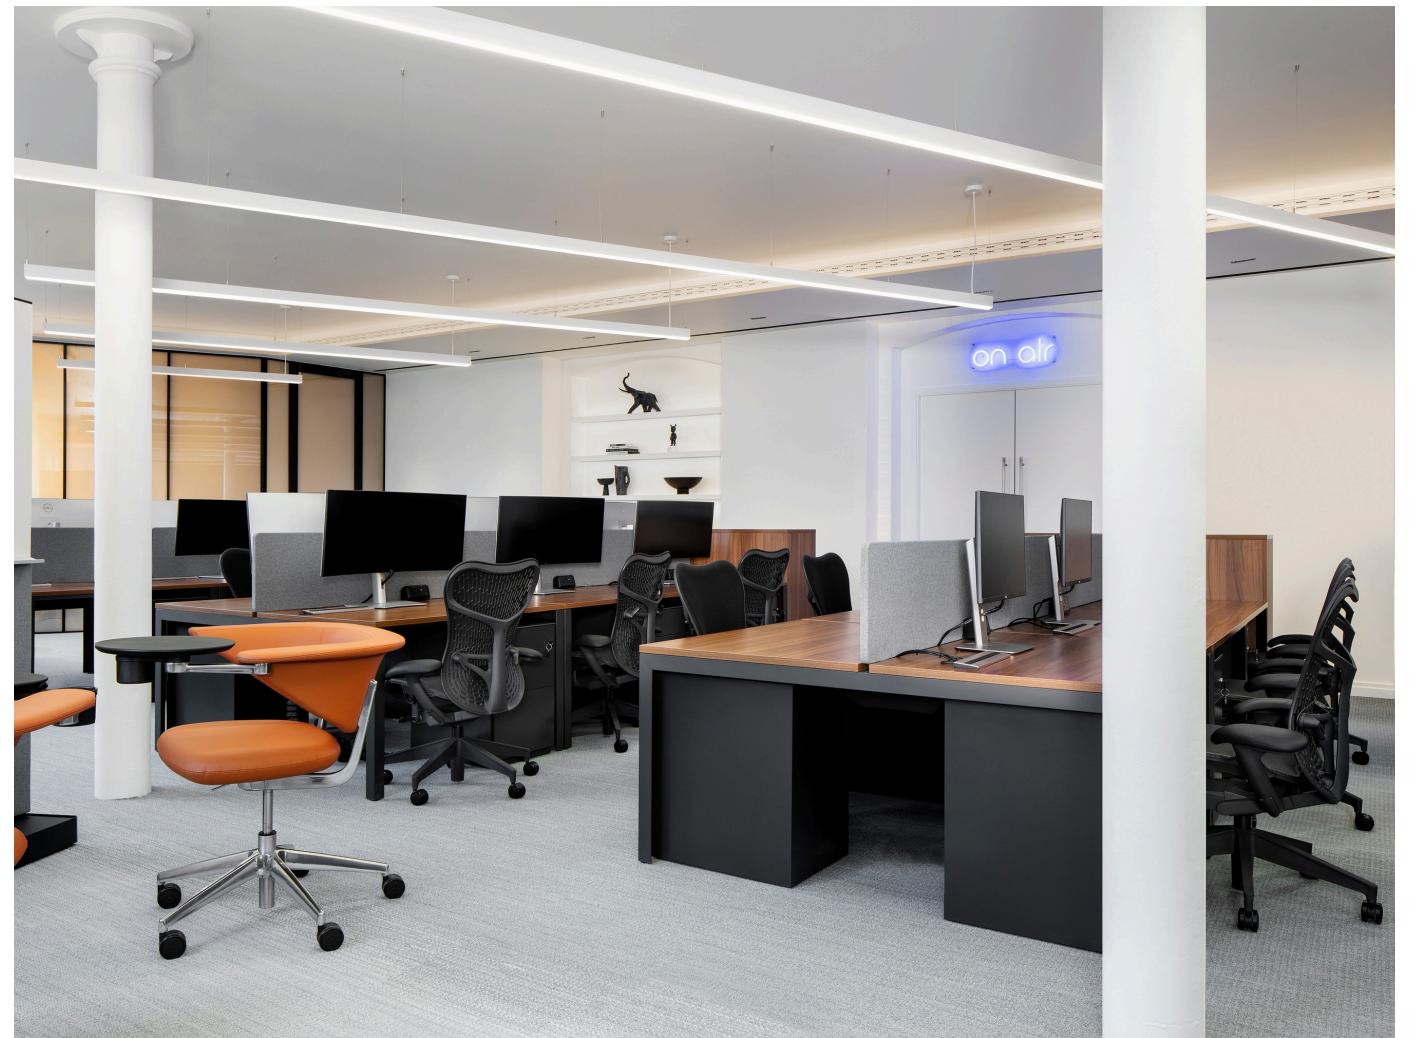

Year: 2023

Designer / Architect: Ridge

Project Description:

The complete transformation of Annie Lennox's former studios into a modern office setting represents a stunning fusion of creativity and functionality. The space now boasts an elegant blend of professional workspaces and private leisure facilities.

Luxury shower facilities and a comfortable sleeping room offer an unparalleled level of convenience. The addition of a private office and inviting meeting spaces further enhances productivity and collaboration. Harrods Interior Designer created a harmonious space where work and leisure coexist harmoniously.

Project: Ensor Mews

Location: South Kensington

Year: 2021

Designer / Architect: Munro Design

Project Description:

This project involved a full property refurbishment, where the entire layout was reimagined to better suit modern living. Munro Designs led the transformation, creating a completely new design that merged contemporary aesthetics with functional spaces. The refurbishment focused on enhancing the flow of the property, integrating high-end materials, and modernizing every room to ensure a cohesive and luxurious finish.
